## Clue #3

### Part A:

Take the 3 of extra 10" squares that you put aside in Clue #1.

Cut them into (4) 10" x 2.5" rectangles. You will have 12 rectangles. I laid all 3 together and cut them at the same time.

### Part B:

Take the (36) 2.5" x 10" rectangles [from Clue #2] and the (12) 2.5" x 10" rectangles [from Part A]. Mix them up, pairing contrasting rectangles together, then sew lengthwise. Press to the dark side.
